

**QAI Design B1079-1a – Thermafiber, Inc. – Ultrabatt – CAN/ULC 124
 Classification A protective covering for foamed insulation**

No.	COMPONENT	DESCRIPTION	
1	Soil	Backfill Soil	
2	Concrete Foundation Wall	Typical Below Grade Foundation Wall	
3	Foam Insulation	Type:	Foam Plastic
		Maximum R-Value:	7.5/inch
4	Protective Covering of Foam Insulation	Certified Manufacturer:	Thermafiber, Inc.
		Certified Product Name:	Ultrabatt
		Assembly Class:	Classification A
		Overall Thickness:	5-1/2" inch (140 mm)
		Minimum Density:	3.0 lb/ft ³ (48 kg/m ³)
		Installation:	Friction fit into the stud cavity.
5	Wood Stud	Typical wood stud	
6	Bearing Plate	Typical wood bearing plate
