## **Z240 RV Series Recreational Vehicles Z241 Series Park Model Trailers**

Number: 0002  
Date: November 4, 2009

**Subject:**     **Applying the QAI Label**

**Affected**     Recreational Vehicles and Park Model Trailers  
**Products:**

To Manufacturers of Recreational Vehicles and Park Model Trailers:

As a reminder, labels bearing the QAI mark may only be applied to products at the time of manufacture and only at the approved manufacturing facility found in the QAI Directory of Listed Products available at [www.qai.org](http://www.qai.org).

At no time should a label bearing the QAI mark be sent to a dealer or the end customer for application to a product. QAI labels must be stored in a locked cabinet and may only be applied to products by the designated employee responsible for the QAI labels. All manufacturers must keep a log of their QAI labels. The log should include the date of application of the label, the vehicle model number, the VIN, and the manufacturing location as a minimum. Failure to comply with QAI's label guidelines or the QAI Listing Agreement may result in penalties such as removal of the QAI label from the product, notification of the safety authority having jurisdiction, and further corrective action.

If you have any questions regarding this notice, please contact Kent Adamson at 604-461-8378 or [kadamson@qai.org](mailto:kadamson@qai.org).

Sincerely,

**Quality Auditing Institute Ltd.**
