

# CUSTOM PANEL SHOP LISTING PROGRAM

## Panel Shop Listing Program

Are you interested in becoming a QAI approved Industrial Control Panel Shop? QAI provides testing and certification for Industrial Control Panel Shops, giving you the flexibility needed when you are mass producing control panels and related equipment at your shop. These listed panel shops are tested and evaluated to the applicable US and Canadian standards. This QAI program can approve the following industrial control equipment:

- General control panels.
- Control circuit switches and relays.
- Control devices intended for industrial heating and lighting.
- Programmable controllers.
- And other equipment that falls under UL and CSA standards.

With multiple locations across North America we are able to provide these services with ease of access to you. Our Electrical Division's knowledge and capabilities allows us to focus on execution and service, so you can get your product to market.

For more information about QAI's Industrial Control Panel Shop approval please contact us via [info@qai.org](mailto:info@qai.org)
