

## CB SCHEME ELECTRICAL EQUIPMENT INTERNATIONAL CERTIFICATION

### Accredited for CB Scheme

QAI Laboratories is accredited for the CB Scheme by the International Electrotechnical Commission for Electrical Equipment (IECEE). The CB Scheme offers manufacturers a simplified way of obtaining multinational acceptance of their tested products — providing entry into over 40 countries within the scope. With this accreditation, QAI can perform the testing that gives you the ability to access the Global Market. QAI can provide CB Scheme testing to the following standards:

- **IEC 62368-1** Audio/video, information and communication technology equipment - Part 1: Safety requirements
- **IEC 60601-1** Medical electrical equipment - Part 1: General requirements for basic safety and essential performance
- **IEC 61010-1** Safety requirements for electrical equipment for measurement, control, and laboratory use - Part 1: General requirements
- **IEC 60950-1** Information technology equipment - Safety - Part 1: General requirements

QAI also offers certification for North America following the requirements of the latest prescribed standards and is accredited to conduct Field Evaluation Services for the United States market which include LA County, LA City, as well as SPE-1000/3000 for the Canadian market. Test reports for your CE technical files which includes EMC, Electrical Safety and Ingress Protection Rating (IEC 60529/60598, IP XX) when required.
