

# LUMINAIRES CERTIFICATION AND TESTING

**NATIONALLY RECOGNIZED TESTING  
LABORATORY (NRTL) FOR ELECTRICAL SAFETY  
APPROVALS**

With over 20 years' experience in the product testing and certification industry, QAI has expanded our Electrical Safety approvals by becoming a Nationally Recognized Testing Laboratory (NRTL). Adding this OSHA accreditation to our existing IAS and SCC accreditations enables QAI to provide the needed certifications required to sell your luminaires across North America.

QAI's expertise within the electrical industry is providing services for consumer, commercial and infrastructure lighting products.

Electrical safety testing is being offered in the area of luminaries with safety certifications under UL/CSA standards, European Certification (CE Mark, IEC EN 60598) and Ingress Protection ratings (IEC EN 60529/60598, IP XX). For applicable products, QAI offers Electromagnetic Compatibility (EMC) services.

With multiple locations across North America we are able to provide these services with ease of access to you. Our Electrical Division's knowledge and capabilities allows us to focus on execution and service, so you can get your product to market.
