CUSTOM SIGN SHOP CERTIFICATION PROGRAM

WHO ARE WE?

QAI is a testing, inspection and certification body (CB) for electrical products.

Founded in 1994 by a group of experienced professionals, QAI is a third-party organization that has established an international reputation for offering cost effective solutions and unparalleled customer experience.

WHY CHOOSE QAI?

As one of our valued customers, you can be sure you will receive unequaled accountability that extends before, during, and after each project phase. Our dynamic service offering allows us to provide scalable, low-overhead solutions to both the smallest and largest of clients.
