Location: Kelowna, BC  
Website: www.secure-rite.com

Listing No. REC721-4  
Project No. REC721-4, Edition 1

Effective Date: December 15, 2021  
Last Revised Date: December 15, 2021  
Expires: N/A

Standards: CSA A277-16 "Procedure for certification of prefabricated buildings, modules, and panels", and

CSA C22.1 Canadian Electrical Code, Part 1

*Note: Unless otherwise specified, the Codes/Standards noted are the most current versions in effect.*

Product: Business Commercial Industrial Structures – Electrical Features Only

Markings: All markings must be permanent and visible after installation.

1. The QAI Label (item 1069 – Black Lettering with Silver Background) is normally located in close proximity to the electrical panel.

QAI Logo shown here:

2. The Specification Nameplate (item 1070, 8-1/2" x 7" in size) is located in close proximity to the electrical panel and includes:
  - Manufacturer's Name and Address,
  - Date of Manufacture,
  - Model Serial Number or Product Code,
  - Factory Installed Appliances,
  - Site Installed Components, Assemblies, and Systems, and
  - Electrical Systems Voltage, Frequency and Amperage

- Code(s) and Standard(s) with edition date or version which the structures have been constructed to.

Other Markings as required by the relevant Codes.

The QAI Label and Specification Nameplate are available from QAI and must be applied at the Factory.

Models / Ratings: The scope of prefabricated buildings covered in this listing includes:

**Structures:**

Modular Business Commercial Industrial Structures comprised of single and multiple sections. This listing category includes the certification of electrical service only. This listing category does not include structural design, plumbing, or gas systems, nor systems other than electrical systems.

**Electrical Ratings:**

120/240V, 1PH, 60Hz, 100A Max.

Notes: Business Commercial Industrial Structures included in this listing are manufactured at a central facility and transported to site. These modules, when completely assembled on site, are equipped with normal facilities for connection to municipal electrical supply. QAI certification covers the installation of the electrical system in the factory and is intended to obviate the necessity of further inspection by the local regulatory authorities except for site connections to services, or to other modules and for site mounting features.

The materials, products or systems listed herein have been qualified to bear the QAI Listing Mark under the conditions stated with each Listing. Only those products bearing the QAI Listing Mark are considered to be listed by QAI. No warrantee is expressed or implied, and no guarantee is provided that any jurisdictional authority will accept the Listing found herein. The appropriate authorities should be contacted regarding the acceptability of any given Listing. Visit the QAI Online Listing Directory located at [www.qai.org](http://www.qai.org) for the most up to date version of this Listing and to validate that this QAI Listing is active. Questions regarding this listing may be directed to [info@qai.org](mailto:info@qai.org). Please include the listing number in the request.
