PUBLIC SAFETY NOTICE – UNAUTHORIZED USE OF QAI CERTIFICATION MARK

QAI Laboratories is a Standards Council of Canada (SCC) accredited certification body involved with certification of Park Model Trailers to the CSA Z241 Series standard.

1155334 BC Ltd. is not certified by QAI, and QAI has not authorized the use of its certification label on any Park Model Trailers manufactured by this company. This company may have operated under the trade name "Custom Park Models". A company with related ownership, **1009836 BC Ltd.**, was previously certified by QAI, but its certification was terminated on September 15, 2017.

Park model trailers constructed by either of these legal entities after September 15, 2017 are not certified by QAI, irrespective of whether there is a certification label on those products after that date.

Park Model Trailers bearing an unauthorized certification label may not comply with applicable safety standards and may present a risk to occupants, owners, and the public.

Regulatory authorities have been notified of this matter.

If you are an owner, installer, dealer, or authority having jurisdiction and require verification of certification status, please contact QAI Laboratories directly at info@qai.org.
