

ACCREDITED CALIBRATION SOLUTIONS

KEEPING YOUR MEASUREMENTS ACCURATE AND
COMPLIANT WITH STANDARDS

YOU DEPEND ON YOUR TOOLS FOR CRITICAL MEASUREMENTS

You can depend on QAI to keep your equipment calibration up-to-date and in compliance.

About QAI Calibration

We calibrate and repair instruments in our environmentally-controlled laboratory facility, and also offer on-site calibration services. Our laboratory is accredited for calibration in accordance with the recognized International Standard ISO/IEC 17025, and our work meets or exceeds NIST requirements and/or applicable standards.

QAI helps you manage your calibration needs with timely reminders, scheduled equipment service, and reliable pick-up and delivery options. Our team ensures your tools are returned accurately calibrated, on time, and in compliance with applicable standards.

QAI Offers

- Hand Tool Calibration: Calipers, micrometers, indicators, and more! We also repair hand tools.
- Hard Gage Calibration: Ring gages, plug gages, blocks, and more!
- Electronic, Force, & Other Gages: Torque gages, durometers, pressure, and more!
- Hardness Testers: QAI cleans, calibrates, and repairs hardness testers.

For more information on our full range of capabilities, please contact our experts at (815) 229-8620 or email us at info@qai.org. If you're in the area, please feel free to drop in and see our lab!

About QAI

Founded in 1995, QAI is a testing, inspection, and certification body (CB) that holds accreditations with IAS and the Standards Council of Canada (SCC), and is recognized by OSHA as a Nationally Recognized Testing Laboratory (NRTL).

QAI also operates ISO/IEC 17025-accredited calibration labs, providing precise calibration of tools and equipment to keep measurements accurate, compliant, and reliable.
